Winter Closure Deadlines for OPA and Bechtel

Al Murray
Winter Closure Deadlines

• The following deadlines apply to transactions that need to be reviewed and processed prior to the winter closure:

• Initial Postdoc Appointments (Recommendation Form) and DS-2019 with a January start date: **December 5th** in order to meet Bechtel’s deadline of December 12th

• Appointment Extension (Change Form) and Extension of DS-2019: **December 10th** in order to meet Bechtel’s deadline of December 17th

• Changes in start date* or early termination and the accompanying amendment of existing DS-2019: **December 10th** in order to meet Bechtel’s deadline of December 17th

• *If there is a change in start date, process a Change Transaction to indicate new start date after Recommendation Form has been approved and record loaded to PeopleSoft.

Winter Closure Deadlines

• Initial Appointments (Recommendation Form) or Extension of Appointment (Change Form) for holders of H1B visas**: November 26th in order to meet Bechtel’s deadline of December 3rd.
• **This applies to petitions that do not require Review Board decision. Please contact Tammy Wilson, tjwilson@stanford.edu, with questions.
• US citizens or permanent residents only: any/all transactions submitted by Wednesday, December 19th will be approved and a PeopleSoft student record created/updated no later than the end of business on Friday, December 21st.
• OPA reviews and approves appointment actions (new appointments, terminations and changes) within five business days from receipt, provided that the submissions are accurate and complete.
• International Scholars require additional processing steps of the related visa documents in two offices, so additional time has been added to the deadlines listed above to allow for the full review and approval process to take place.

Unlisted University

Al Murray
Unlisted University

- PD Web Forms populates PeopleSoft and must contain the correct institution for University records.
- Check Information Sheet – if you see “Unlisted University” for the school but the diploma shows a known school you must **return** the Information Sheet to the invited Postdoc. (Do not approve, OPA cannot fix it.)
- Example: Invited postdoc searches for “Oxford University” in SecurePortal, but the system only has the official name “University of Oxford.”
- If it is a truly unknown university, please enter “Unknown University” in the Notes to Approver section of the Recommendation form when approving it to send to OPA.
Back-up Approvers in Workflow

Al Murray
Back-up Approvers in Workflow

- The Workflow software used by Administrative Systems for PD Web Forms does not have a proxy approver functionality.
- In planning for vacations, leaves, or unexpected absences, please consider having additional staff assigned in each role for PD Web Forms.
Recommendation Web Form: Uploading Documents

Tammy Wilson
Rec Form: Uploading Documents
