Postdoc Benefits Office

Denise Livengood

RAF and RAFC In GFS

- A Postdoc's premiums can be charged to the Benefits Pool if all of the following criteria are being met:
 - **ALL** GFS salary lines that have overlapping dates have been entered with the RAF Assist Type
 - Example of Incorrect Entry:
 - AS001 – RAFC 2/1/2016 – 2/10/2016--- 3 hrs (fringe rate is 8.8%)
 - AS002 – RAF 2/1/2016 – 2/29/2016---37 hrs (fringe rate should be 24.3% but because of the overlapping RAFC line only the 8.8% fringe rate is charged)
 - Example of Correct Entry:
 - AS001 – RAF 2/1/2016 – 2/10/2016--- 3 hrs
 - AS002 – RAF 2/1/2016 – 2/29/2016---37 hrs
 - the salary pay lines were approved in time
 - In time means by the last day of the month so that the lines will be in approved status when the report is run on the 1st of the following month.
 - the Postdoc is being paid at least 20 hours salary for a *full* month

PTA Info Needs Review on a Regular Basis

- 65 PTA entries were rejected by Oracle due to various reasons:

-PTAEO VALIDATION ERROR -XXDLPV013: Expenditure Item Date is not between Task Start and End Dates-XXDLPV018: Award Status is other than ACTIVE or AT RISK-XXDLPV020: Expenditure Item Date is not between PreAward/Award Start and Award End dates

-PTAEO VALIDATION ERROR -XXDLPV035: Expenditure Type is not allowed for this Project (Transaction Control)

-PTAEO VALIDATION ERROR -XXDLPV018: Award Status is other than ACTIVE or AT RISK-XXDLPV020: Expenditure Item Date is not between PreAward/Award Start and Award End dates

-PTAEO VALIDATION ERROR -XXDLPV013: Expenditure Item Date is not between Task Start and End Dates

-PTAEO VALIDATION ERROR -XXDLPV018: Award Status is other than ACTIVE or AT RISK

-PTAEO VALIDATION ERROR -XXDLPV021: Award is not found in system

-PTAEO VALIDATION ERROR -XXDLPV027: This Award does not fund this project-XXDLPV028: There is no budget for this Award/Project combination

- PTAs that are rejected are replaced with the department's guarantee account
- Guarantee account financials should be checked every month to alert you to the necessary updates needed in GFS or ClearBenefits
 - A 279 Expenditure Report run In Reportmart3 for your Guarantee Account is sufficient and will show if a postdoc's health premiums were charged to that account. Either a GFS entry needs to be fixed or a ClearBenefits PTA needs to be fixed (or both).

Benefits Termination Policy

COBRA regulations state that we must notify our plan administrator within 30 days of a termination.

What this means for departments:

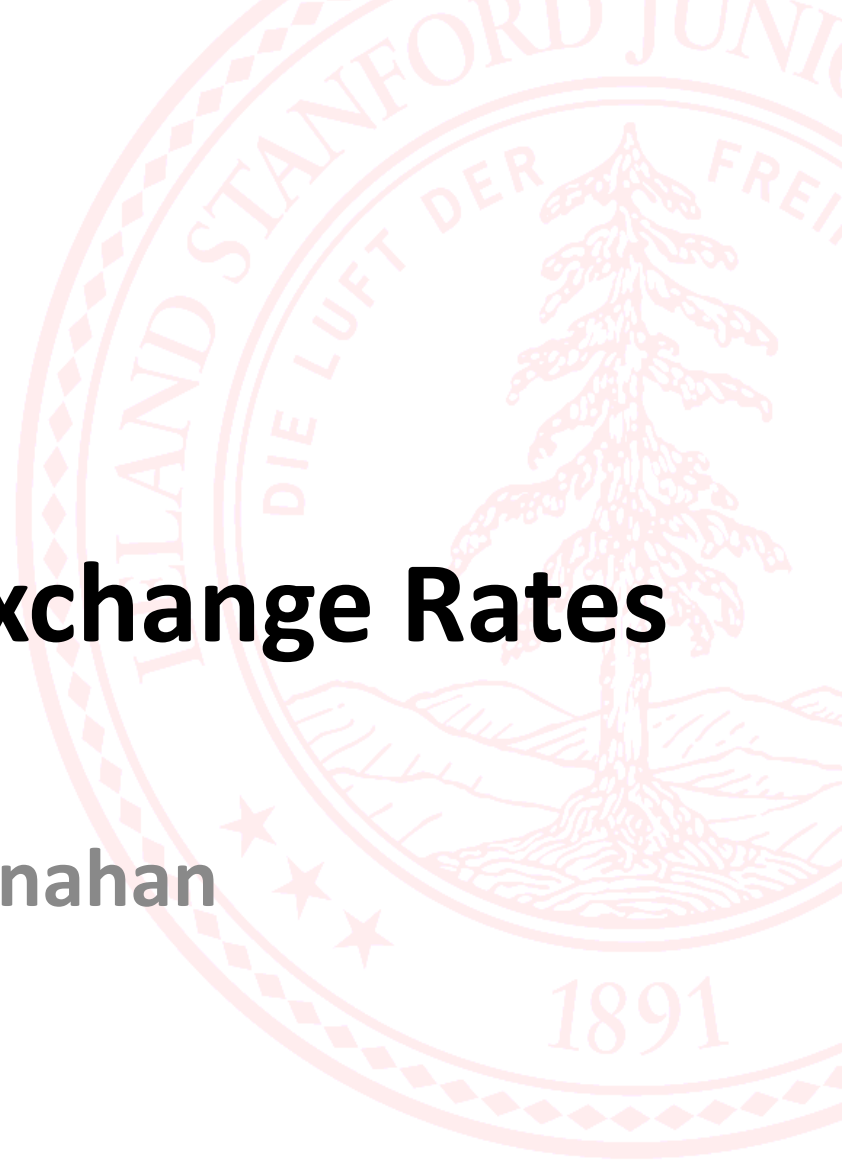

- To avoid paying health premiums beyond the termination date, an approved termination form must be received by the Postdoc Benefits Office by 3pm on the last day of the month in which the postdoc is terminating.
- Termination forms received 25 days or more after the termination date will have a termination date of the last day of the current month
- No longer able to refund premiums beyond the current month

Postdoc Benefits Helpful Hints

- Effective Jan 1, 2016, Aetna became the medical insurance carrier/administrator
- Postdocs filling out [arrival forms](#) will write Aetna for the name of the insurance provider
- J1 visa holders DO NOT have to enroll in Aetna POS Choice II
- Ending a pay line in GFS does not terminate a postdoc nor end their benefits
- A termination form must be initiated by the department administrator in PeopleSoft
- Information about this process can be found on the Office of Postdoctoral Affairs [website](#)

Outside Funding Exchange Rates

Shannon Monahan

Outside Funding Exchange Rates

- Exchange rates have been extremely volatile in all markets as of late
- Reminder: Departments are responsible for any shortfall is funding below the minimum—this includes fluctuations in exchange rate
- Rates should be re-assessed at times whenever a deposit is made to the postdoc's account
 - For monthly deposits, quarterly review is reasonable, but shortfalls must still be covered retroactively
