CB Change in Cycle Timing

• Department & Postdoc insurance premiums now charged based on Medical, Dental, Vision, and Disability bills—the bills are based on data from ClearBenefits
  – This is to ensure a zero balance in the postdoc insurance accounts at the end of the month and improve reconciliation processes
  – Reconciliation process will include any necessary retro charges, refunds and adjustments to departments and postdocs due to timing as they are listed on the bills

• Bills are processed based on approved changes made two days before the 1\textsuperscript{st} of each month
  – Ex. August bill & charges will be based on a July 29\textsuperscript{th} evening run date
  – Ex. If changes are made and/or approved on July 30\textsuperscript{th}, adjustments and the new charges will be reflected in September charges
Policy Updates

1. **Postdoc Term Limit of Five Year is in Effect.** Exceptions will be rarely granted and final decisions on all term limit exceptions by the Vice Provost for Graduate Education.

2. **School of Medicine Clinical Instructor (CE)/Postdoctoral Scholar appointments.**
   The new policy applies to concurrent appointments for postdoctoral scholars:
   1. Joint appointments may not compromise the training elements for the postdoc
   2. Clear distinction between trainee and CI responsibilities must be articulated
   3. Contact Jane Volk-Brew in Academic Affairs or Alistair Murray in OPA

3. **Visiting Student Researchers**
   1. New classification for researchers at Stanford who are graduate students at another institution
   2. Will be the default classification for soon-to-become postdocs if a degree completion letter from the institution is **NOT** provided at the start of the appointment start date.
   3. Monthly appointment. Not subject to funding requirements. Fees and other expenses required.
